NAMHO CONFERENCE 4 to 6 June 2010

Accommodation listings

The Coalpit Heath area does not have any hotels or B&Bs within sensible walking distance of the conference venue. However the venue is less than 2 miles from the north Bristol, ring road, the A4174. This links to M32 J1, about three miles from the conference venue. From M32 J1, several junctions of the M4 and M5 are within a few minutes driving. Where a hotel / guesthouse is close to one of the motorway junctions or the A4174, this is shown.

Within 10 to 15 minutes drive, there are a range of hotels and B&Bs in Yate (a former mining town) and Chipping Sodbury (a medieval market town).

There are several of the national "budget" hotels within 10 to 20 minutes driving time. Some of these offer the best value for money as other hotels and some B&Bs are more expensive.

There are of course many other hotels and B&Bs in the Bristol, area, but below is a fairly comprehensive selection of those nearest to conference venue. The postcodes are hyperlinked to google maps, so that you can see approximate location.

Guide to distance and travel time

The distance and time to travel by car to the conference venue is shown. ***This must be used as a guide only*** as the traffic in the north Bristol, area can be very slow, especially on Friday afternoon / evening. Also if you are using our local motorway network, ensure you take the correct route or you may have to go 20 miles further than you expect!

Disclaimer

Although we are providing a list of accommodation, we have not stayed at any of the venues so we are not recommending any of them and take no responsibility.
